

'A Professional, fun and Safe Diving Environment'

OCEANIC
INNOVATION FIRST

SPECIALTY COURSE EQUIPMENT TECHNIQUES

Divers use and requirement of **Equipment** needs can be further assisted by greater knowledge. To become informed to have developed experience with **knowledge** of your **personal equipment**.

With **SSI's Home Learning** in assistance with informative reviews with your SSI Instructor here at **BCDA** you will become informed with the following:

- ◆ Key Features of Equipment
- ◆ Simple Field repairs
- ◆ Tips from Leading Technician on care, maintenance and storage
- ◆ Tips from Veteran travellers to make dive trips a breeze

There are a variety of locations and moments unexpected when your knowledge can **'Save a Dive'**.

With the techniques you learn combined with **SSI's Home Learning Program** you will be able to ensure your diving continues.

You have made an investment in the **Equipment** you choose to use.

This Course can assist you to ensure that you don't miss out on your dive due to poorly maintained equipment! After all you deserve to know what's in your best interest.

It is after all your **'LIFE SUPPORT'** equipment when diving *down under!*
